FEATURE PRODUCT

FORMBOARDS [PLASTIFORM]

Con-Form Boards are the faster, lighter more durable formwork system that does not twist, warp or rot.

This system will let you carry 50 lineal metres of boxing on your shoulder! Store outside, rain or shine. Think of how much timber is bought in 7 years for formwork, add in the extra set up and stripping time, and see why Con-Form Boards are not only going to eliminate splinters but also the draining of wallets.

FEATURES:

- Flexible
- Stackable
- Long Lasting
- Light weight
- Rigid
- Reusable
- Fast set-up and strip-down
- Easy clean up

PRODUCT CODE	PLASTIFORM - PLASTIC FORMWORK
	Dimensions
PF75	Plastiform Board 75mm x 4.8m
HPF100	Plastiform Board 100mm x 4.8m
